

Respect Policy Jaguars Soccer Club.

At the Jaguars Soccer Club, we are committed to creating a safe and respectful environment for all our members, including our young players. This policy outlines our expectations for respect and conduct for our young players.

Respect for Coaches and Officials

We expect our young players to show respect to their coaches, as well as to the officials during games. This includes following instructions, listening attentively, and refraining from talking back or arguing with coaches and officials.

Respect for Teammates and Opponents

We expect our young players to show respect to their teammates and opponents on and off the field. This includes being a good sport, refraining from taunting or trash talking, and avoiding any behavior that could be perceived as bullying or harassment.

Respect for Equipment and Facilities

We expect our young players to take care of the equipment and facilities provided by the club. This includes properly storing and maintaining equipment, not damaging facilities, and reporting any damage or issues to coaches or club officials.

Consequences for Violations

Any violation of this respect policy may result in consequences, such as verbal warnings, suspension from games or practices, or even removal from the club. The severity of the consequence will depend on the nature and severity of the violation.

We believe that our young players are capable of demonstrating respect and good sportsmanship on and off the field. We are committed to promoting a positive and safe environment where all members can develop their skills, build friendships, and have fun playing soccer.
